Appendix 1: Acronyms

Appendix 2: General Terms

1. INTRODUCTION

This Intermediation Business Licensing Management User Manual contains all the important guidelines and information to help the User to navigate through the iSPKP system. The Manual also includes a description of the module's functionality and capabilities, contingencies and alternative modes of operation, and step-by-step procedures for accessing the system and methods of its use.

1.1 Purpose and Scope

- This document provides an introduction to the Intermediation Business Licensing Management module and the guidelines & steps on the various sub-menus available in the Intermediation Business Licensing Management module in the iSPKP system.

1.2 Document Organization

- Below is a summary table to describe each section in this document.

Section No.	Section Title	Section Description
1	Introduction	This section provides a description of what this document is all about. It is a comprehensive guide in using the Intermediation Business Licensing Management module.
2	Module Overview	This section is a high level description of the iSPKP system functionality.

Section No.	Section Title	Section Description
3	Module Functionality Description	This section provides an overview of different functions available in the Intermediation Business Licensing Management Module in managing the various processes involving Intermediation Business Licensing.
4	User Manual	This section is a guide for the User to perform step-by-step action for various activities related to the various sub-menus available in the Intermediation Business Licensing Management module via the iSPKP system.
5	Error Handling	This section guides the User on what to do in the event the User is not able to access the iSPKP system and also how to rectify errors during keying-in process so that User will be able to proceed to the next section or complete a certain activity.

Table 2: List of References

The Intermediation Business Licensing Management Module is mainly focused on Intermediation Business Licensing related processes consisting of the various sub-menus available in the Intermediation Business Licensing Management module.

1.5 System Overview

Please refer to Section 2.0 in MAIN User Manual for details.

1.6 Glossary

Kindly refer to Appendix 2 - General Terms.

1.7 Important Reminders

- Please read through the respective sections carefully in the User Manual before proceeding.
- Documents uploaded into the iSPKP system as supporting documents must be in PDF format with a maximum file size of 3MB each. Details of supporting documents are stated under

the respective Upload Supporting Documents section.

- The iSPKP system is capable of detecting errors made when keying in your data by highlighting the error in red. This serves as a guide for you to fill in your data correctly and enables successful application submission with the correct information provided.
- Applications must be duly completed with relevant supporting documents failing which the submission will not go through.
- If left idle for 5 minutes, the User will be automatically logout from the system.
- The iSPKP system is available in two languages - Bahasa Malaysia and English. In the iSPKP Login Page, users will be able to select the preferred language before logging into the system.

2. MODULE OVERVIEW

2.1 Purpose

This section provides an overview of the Intermediation Business Licensing Management Module for the purpose of the various sub-menus available in the Intermediation Business Licensing Management module in the iSPKP system.

2.2 Module Description

The Intermediation Business Licensing module enables the User to perform the key activities related to Intermediation Business Licensing Management module in the iSPKP system.

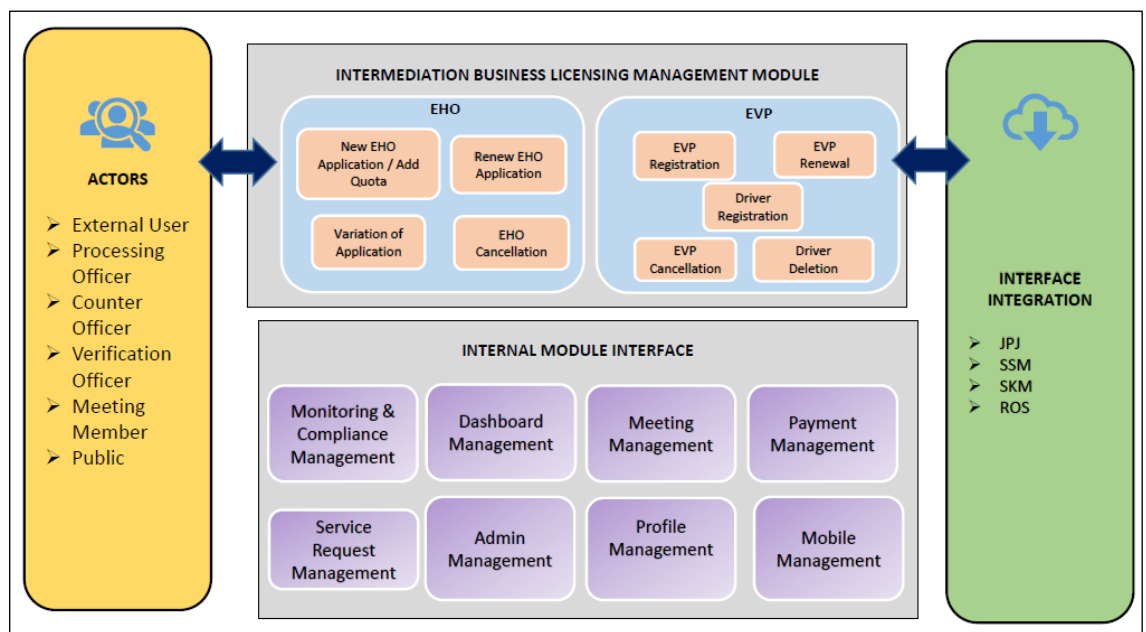

Figure 1: High Level Intermediation Business Licensing Management Module

Figure 1 above illustrates the high-level overview of the Intermediation Business Licensing Management module. It shows the interaction between the actors that will have access privileges to this module, the sub-modules, all the internal interfaces with the other system modules and the integration interfaces with external Agencies.

The IBL sub-Modules consist of 9 types of processes that are New EHO Application / Add Quota, Renew EHO Application, Variation of Application, EHO Cancellation, EVP Registration, EVP Renewal, Driver Registration, EVP Cancellation and Driver Deletion. This Module also integrates with the Monitoring & Compliance Management Module, Dashboard Management Module, Meeting Management Module, Payment Management Module, Service Request Management Module, Admin Management Module, Profile Management Module & Mobile Management Module.

3. MODULE FUNCTIONALITY DESCRIPTION

The Users are the Company Director and Company PIC. In the case of LPKP Sabah / LPKP Sarawak, this includes Individuals as well.

Each will have specific role for the Intermediation Business Licensing Management module in the iSPKP system which will be elaborated under Section 3.2.

3.1 Intermediation Business Licensing Management Functionality

This module is divided into 2 parts (Licensing & Permit) for E-Hailing Company.

EHO (License Customer who manage the Intermediation Business License business).

The Operator must have License to operate all their vehicles licensed and ensure that their driver(s) have a valid Driving License and Public Service Vehicle (PSV) Permit prior to performing the following functions. Additionally, the Operator must have their Profile set-up in the Profile Management Module before proceeding further.

3.1.1 New EHO Application / Add Quota

The E-Hailing company wishing to start operation is required to register License Application for Customer to apply / add quota.

3.1.2 Renew EHO Application

The Operator is required to renew the license before the expiry date to avoid any interruption to its operation.

3.1.3 EVP Renewal

Once EHO license is renewed, the E-Hailing Company is also required to renew the EVP.

3.1.4 Variation of Application

In the event of changes to the company's shareholders, the operator will be able to use the Variation option to effect the changes in the iSPKP system.

3.1.5 EHO Cancellation

The E-Hailing Company can cancel the licensing application once EVP is cancelled.

3.1.6 EVP Registration

If the E-Hailing Company succeeds in applying for a EHO license, it is required to register the vehicle permit (EVP).

3.1.7 Driver Registration

The E-Hailing Company is required to register the driver upon successful registration of the vehicle permit.

3.1.8 EVP Cancellation

If the E-Hailing Company intends to terminate its services, they are required to cancel the EVP before cancelling the EHO license.

3.1.9 Driver Deletion

Driver's details registered can be deleted from the system.

3.2 User Types and Roles

There are different types of Users involved in the Intermediation Business Licensing module. As these Users access the system, their names are displayed at the top right hand of the Landing Page as follows:

USER TYPE	USER NAME DISPLAY ON LANDING PAGE	
	LEFT	RIGHT
Company Director	Company Name	Company Name
Company PIC	Company Name	PIC Name
Company Agent	Company Name	Agent Name

Table 3: Intermediation Business Licensing - User Name Display on Landing Page

Below is a sample of the User Name displayed on the Landing Page.

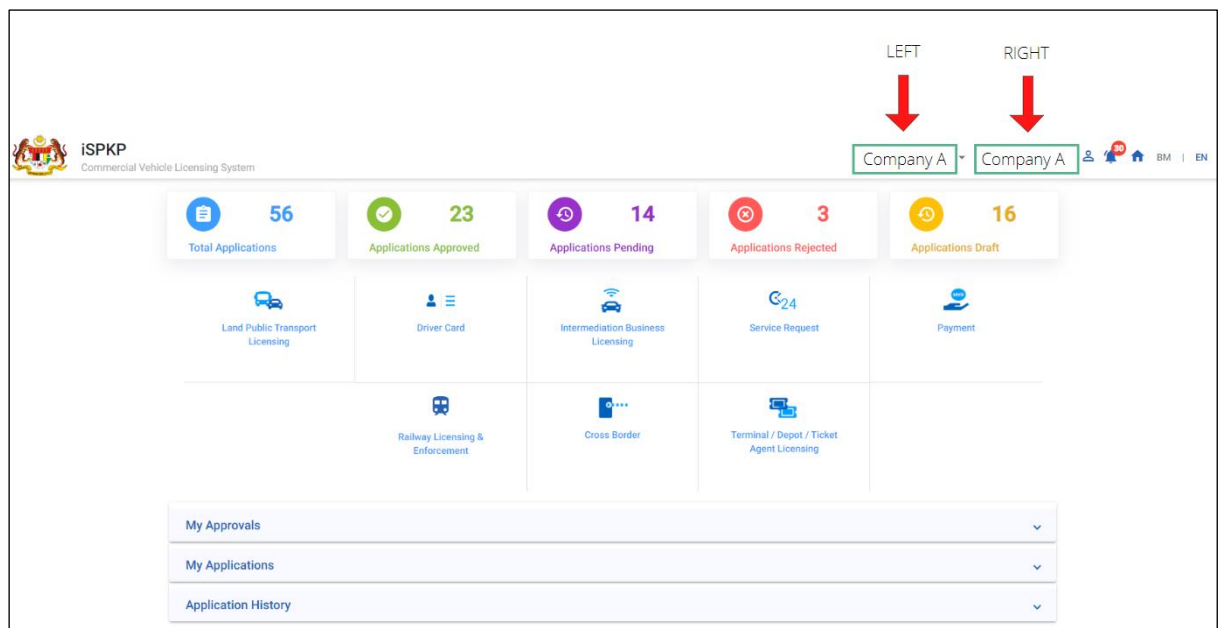

Figure 2: Intermediation Business Licensing - User Name Display on Landing Page

Each of these Users performs specific roles as below:

Sub Module Type	USER TYPE		
	Company Director	Company PIC	Company Agent
New EHO Application / Add Quota	/	/	X
Renew EHO Application	/	/	X
EVP Renewal	/	/	X
Variation of Application	/	/	X
EHO Cancellation	/	/	X
EVP Registration	/	/	X
Driver Registration	/	/	X
EVP Cancellation	/	/	X
Driver Deletion	/	/	X

Table 4: Intermediation Business Licensing - User Types and Roles

3.3 Work Process Flow

- The following work process flow takes into account the different types of User role.
- The User enters the APAD, LPKP Sabah or LPKP Sarawak URL Link depending on the User location to access the Login Page.
- The URL links are as stated below:

Peninsular Malaysia:

URL for APAD:

<https://ispkp.apad.gov.my/apad/#/>

Sarawak:

URL for LPKP SARAWAK:

<https://ispkp.lpkpsarawak.gov.my/sarawak/#/>

Sabah:

URL for LPKP SABAH:

<https://ispkp.lpkpsabah.gov.my/sabah/#/>

4. USER MANUAL

4.1 New EHO Application / Add Quota

User will apply for a new EHO License & add quota. This activity can only be performed by Company Director/ PIC using their respective credentials (User ID and Password).

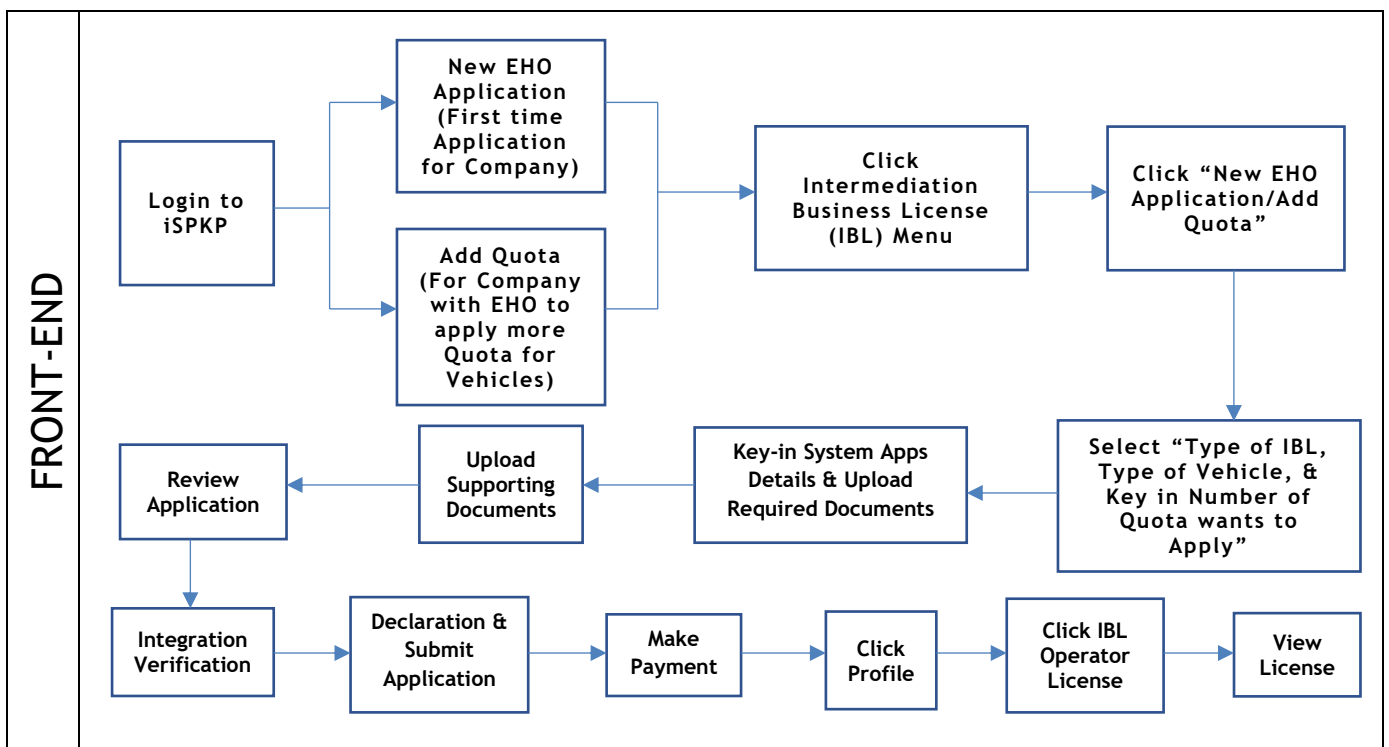

Figure 3: New EHO Application/Add Quota Process Flow

4.1.1 New EHO Application

Kindly refer to Section 3.3 in this manual for the URL link based on location. The iSPKP Login page is displayed (refer to Main User Manual).

The Company Director (User) will need to Login to the iSPKP system. Please refer to Section 4.1 of the Main User Manual for Login guidance.

Upon successful login by the Company Director (User), the Front-End Landing Page of iSPKP system will be displayed. User will then proceed to the Intermediation Business Licensing Menu as follows:

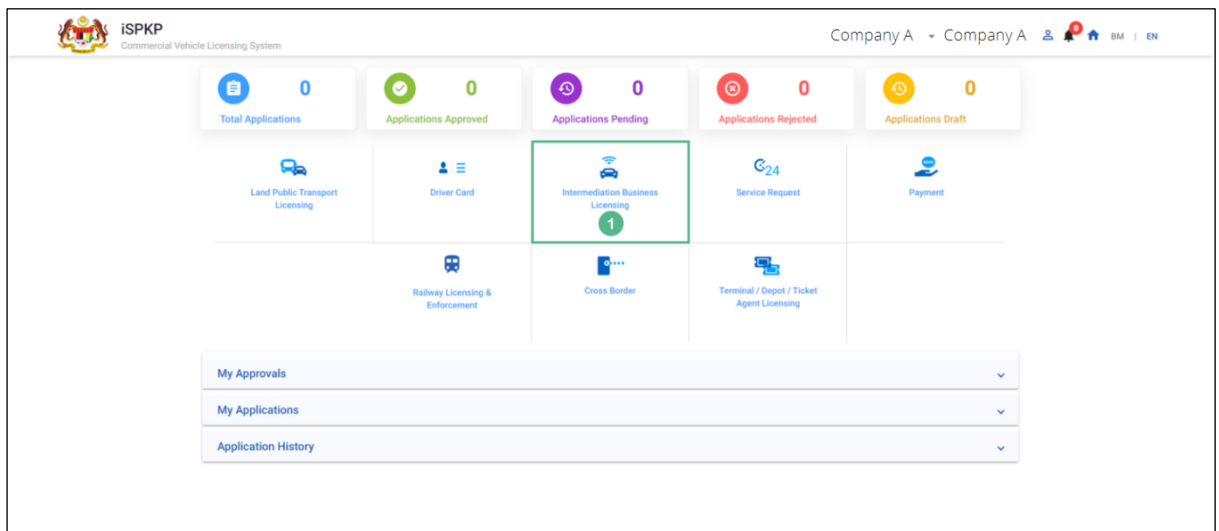

Figure 4: Landing Page - Intermediation Business Licensing

No	FIELD (ENG)	FIELD DESCRIPTION	ACTION REQUIRED	REMARKS
1	Intermediation Business Licensing	This menu allows access to various Intermediation Business Licensing sub-menus.	User to click the “Intermediation Business Licensing” menu option.	* Mandatory field. Click button. Intermediation Business Licensing

No	FIELD (ENG)	FIELD DESCRIPTION	ACTION REQUIRED	REMARKS
				sub-menus will be displayed as shown in Figure 5.

The Company Director / PIC will then apply for a new EHO Application. Intermediation Business licensing sub-menu will be displayed as follows:

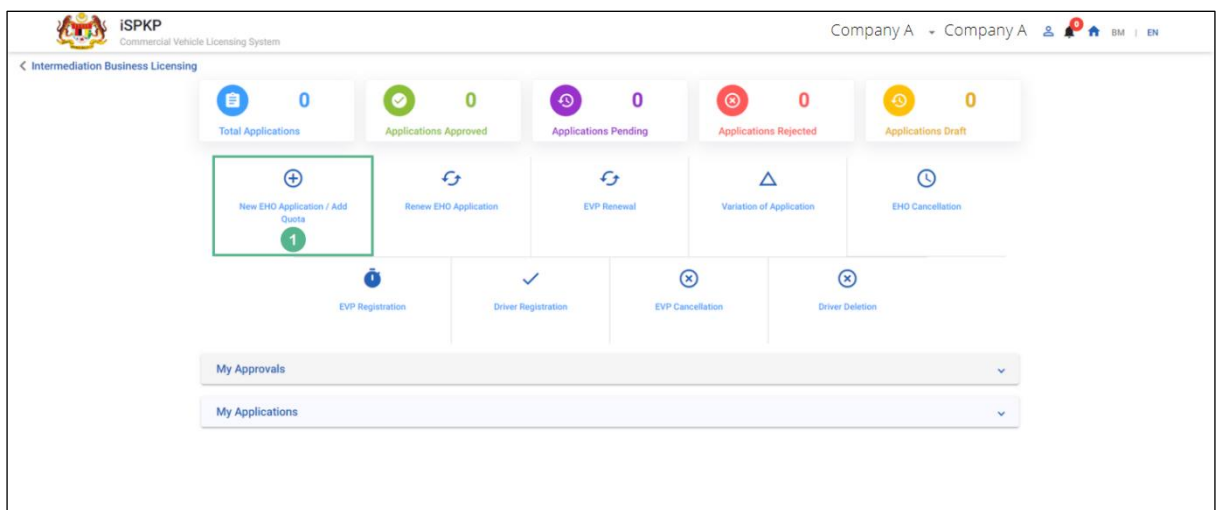

Figure 5: New EHO Application / Add Quota

No	FIELD (ENG)	FIELD DESCRIPTION	ACTION REQUIRED	REMARKS
1	New EHO Application / Add Quota	This sub-menu will initiate the process for New EHO Application / Add Quota.	User to click “New EHO Application / Add Quota” sub-menu.	Click button. User to proceed to next screen as shown in Figure 6.

The example below is for a Company that has applied for EHO Licensing of a private vehicle adding 10 Quota. Upon selection of New EHO Application, the details of the same will auto-populate as shown below:

4.1.1.1 EHO - New Application

The screenshot displays the 'iSPKP Commercial Vehicle Licensing System' interface. The top navigation bar shows 'Company A' and 'Company A' with user and language options. The main content area is titled 'Intermediation Business Licensing - New Application'. A sidebar on the left contains navigation items: 'IBL', 'System Apps' (with a '1' notification), 'Requirement Document', 'Review Application', 'Integration Verification', and 'Declaration'. The main form area contains four fields: 'Type of Intermediation Business' (dropdown, 'e-Hailing'), 'Type of Vehicle' (dropdown, 'PRIVATE'), 'Type of License' (dropdown, 'EHO'), and 'Number of Quota want to Apply' (text input, '10'). An 'Add License' button is in the top right, and a 'Save & Next' button with a '2' notification is in the bottom right.

Figure 6: EHO - New Application

No	FIELD (ENG)	FIELD DESCRIPTION	ACTION REQUIRED	REMARKS
1	EHO New Application	Allows user to apply for a new EHO application for Intermediation Business Licensing.	User to select from the dropdown: <ul style="list-style-type: none"> - Type of Intermediation Business- e-Hailing (Selected) - Type of Vehicle Private (Selected) 	Dropdown Button / Text.

No	FIELD (ENG)	FIELD DESCRIPTION	ACTION REQUIRED	REMARKS
			<ul style="list-style-type: none"> - Type of License - - Key-in EHO - Key-in Number of Quota wants to apply. 	
2	Save & Next	Enables saving of changes.	User to click on “Save & Next” button.	<p>*Mandatory field.</p> <p>Click button.</p> <p>User to proceed to next screen as shown in Figure 7.</p>

The Company Director will log in to the System Apps using Customer Username / Password to upload the supporting documents. The Driver can also log in through the App URL- grab.com, to check the status of the application. Below screen will auto populate as the New Application information is saved:

4.1.1.2 System Apps

The screenshot shows the 'System Apps' section of the iSPKP Commercial Vehicle Licensing System. The interface includes a sidebar with navigation options like 'IBL', 'System Apps', 'Requirement Document', 'Review Application', 'Integration Verification', and 'Declaration'. The main content area is titled 'System Apps' and contains a form for entering application details. The form fields are: App Name (GRAB), App URL (grab.com), App Username (xxxxxxxxxxxx), App Password (xxxxxxxxxxxx), Customer Username (xxxxxxxxxxxx), and Customer Password (xxxxxxxxxxxx). Below the form is a table of features with columns for 'Features Available' and 'Mandatory'. The 'Mandatory' column contains checkboxes and upload icons. A green box highlights the form fields with a '1' in a green circle. Another green box highlights the 'Mandatory' column of the features table with a '2' in a green circle. A '3' in a green circle is located near the 'Save & Next' button at the bottom right.

5. ERROR HANDLING

As the User accesses the iSPKP system to perform certain functions, there could be some challenges faced by the User. This may result in the User not being able to use the iSPKP system or to proceed to the following section (using NEXT button) or to complete a certain process (using SUBMIT button).

5.1 General Errors

The generic errors hinder the User from using the iSPKP system such as:

- Poor internet connectivity resulting in the screen showing loading button continuously.
- iSPKP system is down resulting in the User not being able to proceed to NEXT section or SUBMIT application.
- Respective government agency system such as JPN, JPJ or SSM and/or payment gateway are down, thus the integration check cannot be done.

In such a situation, the following is advised:

- User to ensure internet connectivity is okay.
- Wait until the respective iSPKP or government systems are online before proceeding.
- If problem still persist, please refer to Section 5.3 on How to Get Help.

5.2 Specific Errors

Sometimes there are errors made during keying-in process that will result in the User not being able to proceed to the following section (using NEXT button) or to complete a certain process (using SUBMIT button).

Following is a list of such errors:
